127 Volunteer Techite Makes For Leukemia Drive Young Memphis

In typical Tech fashion great numbers of students have turned out for the Leukemia Drive to be held Sunday, October 4, from two to four o'clock. To date 127 students have volunteered to support the drive headed by Barry Morgan, president of the Student Council. The students who have volunteered are as follows:

Jane Burcham, Delores Brannum, Sue Murphy, Marilyn Naylor, Bobbie Cash, Sandi Boyd, Wanda Burton, Pat Harris, Bobbie Brough, Paul Miller, Mike Sivert, Charles Robinson, Don Pittman, Sandy Byars, Tanya Blackwell, Dennis Kitterman, Jerry Ingram, Ronnie Albright, Curtis Jarrell, Jane Fisher, Joan McCommon, Judy Kellum, Pat Jones, Frank Isom, Kerry Scott, Eddie Langston, Johnny Roberts, Nancy Johnson, Tommy Adair, Margaret Alford.

Linda Blanchard, Betty Brown, Pat Byars, Danny Clark, Pat Coffey, Buzzy Cook, Pat Cook, Dorothy Cox, Marvin Driggers, Roy Fisher.

Vicki Franklin, Theresa Curley, David Hankins, Linda Huffstickler, Eddy Langston, Ronnie McPhail, Ronnie Mills, Judy Maxey, Charlotte Roberts, Johnnie Roberts, Stanley Scott.

Leburn Sharp, Gwen Simpson, David White, Barry Morgan, Kerry Scott, Margaret Brown, Yvonne Walker, Pat Stringer, Bobby Studdard, Bobby Moore, Mary Midyett, Carolyn Rives, Dorothy Turnbow, Melba Thompson, Mot McCommon, Ruthie Davis, Paula Williams, Judy

(Continued To Page 2)

Pat Stringer, senior at Tech, was recently selected for a write-up in the Commercial Appeal. This is Pat's third year in Commercial Art. She is thinking of entering Stephens College for her B.A. Degree with emphasis on commercial art. She taught art two or three days a week at the Baptist Children's Home this summer.

Pat's other interests are politics, fashions and campus activities, and she was

Pat Stringer

the sophomore beauty queen, representing Tech at Girls' State and is an honor student.

Pat takes voice and sings in the youth choir, has studied and worked backstage at Front St. Theatre, belonged to a young political group and is on the Teen Fashion Board at Goldsmith's.

Miss Kelly In Hospital

Miss Margaret Kelly, a guidance counselor at Tech has been in the Baptist Hospital for two weeks.

Miss Kelly is at home recuperating at 1940 Snowden.

Fairest Of The Fair

This year Tech will be represented in the 'Fairest of the Fair' contest by four gorgeous girls: Shelia Nix, Donna Green, Phyllis Burns and Sandy Henson. Shelia Nix and Donna Green are members of the junior class in Miss McDonald's homeroom. Sandy Henson and Phyllis Burns are our upper class representatives. They are in Mr. Dworshak's homeroom. All the girls are icy blondes, who could easily bring the honors home to Tech.

Last Saturday the girls were interviewed on 'Talent Showcase'. Next Saturday the girls will be at the WMCT tent, located in the Fairgrounds for a formal rehearsal, followed by a

(Continued To Page 2)

Office Girls Visit UP

Have you ever held a thousand dollar bill in your hand? Well the girls in Miss Linder's Office Practice Class have. On their tour of the Union Planters Bank, each student had that one opportunity of a life time.

Mr. Fred Jenkins and Mr. Jim Wade were kind enough to take time out of their busy schedules to give the office practice group a first class tour of the bank.

After they had seen the complete processing system of a check and the book-keeping department, each girl was given a new 1964 dime and taken to the recreation room where all enjoyed cokes.

The visit to the bank was an experience they will not soon forget.

PTA Members and Faculty present a tea in honor of Miss Stanfield, a former teacher of Tech.

PTA Membership

Mrs. Ann Cullen, Membership Chairman, is busy every morning in the office taking envelopes and handing out membership cards for the Tech High P.T.A. This drive is well into its second week of striving for it's goal of 100%.

Mrs. Cullen is happy to announce that Mrs. Hendon's homeroom was first to reach this goal. Her class will receive a five dollar prize. Mrs. Lee's homeroom will take second prize for 100%.

At the last count, well over a third of Tech High School had subscribed to PTA.

Senior Budget

A highlight for every high school student is the graduation exercises where he dons the cap and gown (with the coveted tassel dangling over one eye) and receives the long-anticipated diploma.

Many facets of work, disappointments, and enjoyment contribute toward this climaxing event. One of the most significant is the Senior Budget.

For such an endeavor to be successful it is important that each student realizes his personal responsibility to his fellow class members in completing his individual budget.

Students set the budget themselves. They can reduce the amount, which of course reduces the fun or they can build it up and increase their activities.

To make it easier for everybody, including the homeroom teacher, three pay periods may be arranged. The first day of three consecutive months might be convenient.

Potential figures for the budget are \$17.45, which include the Yellowjacket and Annual, Picnic, Banquet, Picture cut, cap and gown, school gift and auditorium fee.

As in every project, the success of the Senior Budget depends on individual cooperation.

Miss Stanfield Honored At Tea

The Tech PTA honored Miss Ruth Stanfield, who recently retired after 42 years of teaching, at a tea September 23 in the Home Economics Living Room at Tech High School.

Miss Stanfield was presented with a corsage of tiny pink rosebuds and a ruby crystal cut glass vase.

Especially for the occasion, Miss Stanfield's school keys were goldplated and presented by Mr. Bourne, principal of Tech.

Pictured from left to right: Mrs. Grace Williamson; Mrs. D. P. Forrester; Mrs. McGraw; Mrs. Frances Martin; Mrs. James Archer; Mrs. H. E. Wilson; Mrs. Joe Wright; Mrs. John Evans; Miss Ruth Stanfield; Mr. W. A. Bourne, Principal; Mrs. W. A. Oswalt, PTA President.

Larry Rodgers Semi-Finalist

Larry Rodgers, son of Mr. & Mrs. Charles E. Rodgers of 2345 Chelsea, and a senior at Tech High School, is a semi-finalist in the National Merit Contest based in his scores in the P. S. A. T. taken in his Junior year. This means that Larry is eligible for one of the many scholarships available to National Merit winners. Larry will take the Scholastic Aptitude Test or college entrance exams and if his scores are high enough, he will be awarded a scholarship.

Larry, is an honor student, and holds an office in both, the National Honor Society and the Key Club.

Majoring in math and science, he plans a career in engineering.

Office Practice Class from left to right: Eddie Sewell, Margaret Gordon, Miss Mayo Linder, Anita Sorrell, Sandra Crawford, Marion Wolfe, Sara Mask (former Tech Student), Danna Denson, Janice Reynolds, Louise Hisaw, Linda Coulter, Mary Brown and guide, Mr. Fred Jenkins.

Smoking?

"There is a time and place for everything."

Most of us have heard this old saying at least once in our lives. These words are true and should be.

In spite of doctor's and scientists reports, there are some people who prefer to keep smoking.

Cigarettes have been proven to be one of the causes of a dreadful disease called cancer.

Mr. Bourne has been kind enough to give you smokers

"A time and place to do your smoking." He is a man of his word. So if you're smart smoke only in these designated areas and you'll keep your smoking room.

The girls smoking area is 2nd floor restroom. Boys' smoking area next to the print shop.

In going to your smoking areas, it is wise if you leave your food out. Keep your smoking areas clean. Stick by the rules for the good of all concerned.

RICHARD SANDERS (left of center) as Alfred P. Doolittle in a scene from "My Fair Lady."

Editor's Pen

By George! They've really got it! A great big first class hit, that is, "My Fair Lady", which opened on stage at Front Street Theatre Thursday, September 24th, is a delightful blend of George Bernard Shaw's "Pygmalion" and Lerner and Loewe's marvelous songs.

Front Street's production displays every bit of the color, excitement, and lively humor the play suggests. The scenery and costumes are outstanding, and set the proper mood for this superb musical. The dance sequences are unusually good, and the acting is excellent.

Paxton Whitehead as the arrogant Henry Higgins commands the stage with his beautiful British accent, while June Helmers, Eliza Doolittle, follows closely screeching the vile sounds proper to the cockney dialect. This pair are well supported by Macon McCalman as the jolly Colonel Pickering and Richard Sanders as the rowdy Alfred P. Doolittle.

Though many of the songs from "My Fair Lady" have become popular out of context (such as: "With a Little Bit of Luck," "The Rain in Spain," "I could Have Danced All Night," "Get Me To The Church on Time," and "I've Grown Accustomed to Her Face"), they are an essential part of the plot and humor. Also, they are often presented in an unusual manner. For instance "Show Me", a love song, is sung in a madrigal, in which Eliza hits her admirer on the head with a suitcase.

By all means see "My Fair Lady", now playing at the Front Street Theatre. The play is one of the best Broadway has to offer, and the production is one of the best Front Street has ever done.

This is also a good time to tell you that Front Street is offering special student subscriptions for preview performances. These are only \$8.00 for eight shows—a tremendous savings! For further information call BR 4-1122.

Here Is Latest On Fashions Which Abound At Tech High

Techites will soon be sporting fall fashions on campus. Many favorites of last season will be exhibited again this year, but many will make their debut. Materials such as madras and pinstripe are slowly on their way out while larger stripes are widely viewed. Oxford cloth is still popular with peter pan collars for girls.

Shades of blue and green, which are the predicted fall colors, will be seen in mohair and shetland sweaters. These colors will also be displayed on A-line skirts and dresses.

The Chelsea jumper will

be very stylish while shifts take the back seat in popularity! Wool blazers with matching pleated skirts remain winners. Shirtwaist dresses are always in demand for casual daytime wear. Parkas will be sported by girls and boys. The girls also prefer Chesterfield and plaid fur-collared coats.

Completing the appearance of students are brown loafers. The girls still wear hose but will turn to knee socks when wintry winds blow. The boys sport gold cup socks with matching shirts.

Home Economic News

Mrs. Thrasher, a Home Economist from Thrasher's Fabric Center, spoke to the Home Economic class. She brought the newest materials to tell them about the advantages of sewing with this material.

Mrs. Miles, from Goldsmith's, is visiting the classes in the coming days. She will speak to them on Teenage Foundation Garments.

Mrs. Mueller, Home

Rodney Knolton Interviews Cartwright Brothers

Friday, September 25, I left school to attend a Lunch at the Holiday Inn which was being held for two of the "Bonanza" stars, Lorne Greene (Ben Cartwright) and Dan Blocker (Hoss Cartwright.)

I arrived at the Holiday Inn around 10:50 and went to the second floor where I first met Mr. John Steinwand of WMCT Channel 5, the arranger of this interview. He told me that at 10:05 I would have about a five minute interview. He then went about his business telling everyone when they would have their interview and how long.

During the fifteen minute wait I met Bob Johnson of the Press Scimitar, Tom Riley, Editor of T.V. Guide and one of the best business agents in Memphis, Early Maxwell. Mr. Maxwell told me that he was editor of the Tech Yellowjacket in 1922.

Around 11:55, the honored guests arrived and there was one interview before me. When I was called in the room I got my notebook out and went in. I shook hands with them and started the

interview.

"How long have you been in show business?" I asked and got the same answer from both: "Most of my life."

Again I asked a group question: "Is this the first time you've performed at the Mid-South Fair?" Hoss said he had been through before but Ben said this is the first trip to Memphis for him.

I then asked Hoss what was his first break in television and how did he get it? He said jokingly: "I was riding my horse down a steep hill, he fell and I hit my left shoulder on a huge rock!" He then told me the truth, that it was either on Gunsmoke or Playhouse 90. He wasn't sure which.

My last question pertained to their album I had seen on display. "What instruments do you play?" Ben said, "I have played the violin for about eight years." Hoss replied, "I play the guitar and have been playing for about a year or so."

I then thanked them and left. I went downstairs, had lunch and came back to school.

Rodney Knolton

HOSS AND BEN Cartwright, who were interviewed by Tech student, appear here with TV family.

Fairest Of The Fair

(Continued From Page 1)

luncheon and then the contest at 8:00 p.m.

Winner of the contest will spend a week paid vacation in Sarasota, Florida. She will receive a course at the Patricia Stevens studio and, of course, will be the hostess of the entire 'Mid-South Fair'.

When asked why they entered, Shelia replied, "I plan to be a model and this will give me needed experience and I enjoy participating in it." Donna said, "Because it is a lot of fun and I want the experience of meeting all the people." Sandy answered, "I'm not entering to win, it's just for fun." Phyllis said that she thinks it is a lot of fun.

The girls will be judged in street attire, including gloves, hats and heels, in poise and in bathing suit and evening gown competition. We wish the girls good luck!

Economist from McCall's, will speak to the advanced classes on Co-ordinating A Wardrobe.

I'VE BEEN BZZZZY
CLEANING MY AREA,
HOW ABOUT YOU?

'Hey! You Call This A Clean Cafeteria?'

..... as I caught a bus this morning and to my surprise I saw then Suddenly I was walking into our clean cafeteria and almost broke my fingernail walking on all the trash and then-----

Do you know that all my family drives Volkswagens except grandma and she eats peanut butter!

..... but don't let that alarm you, you can always grow another fingernail except for one thing and that is.

Roses are blue, violets are red, sugar is sweet and so is sugar....

Good grief! what a messy cafeteria, ... Rich men, poor men, beggarman, thief, doctor, lawyer... did I ever tell you about the time I caught a bus, O yeah, so much for that-----

Why is everyone leaving? Why don't they pick up their bottles? Why don't they pick up their trash? Why don't.

Two bits, four bits, six bits, a dollar, com on y'all-----

I guess by now you are all wondering what this is all about. Well, you think this is a mess, just take a good look at the cafeteria in the mornings and after lunch. So come on everyone let's clean up the cafeteria and keep it clean!

Key Club Membership

Can you maintain a "C" average or above? If you can, it well may be the Key Club can use you. This of course, is just one of the qualifications for membership.

Participating in activities such as preparing student phone directories, selling Tech sweat shirts and helping with programs, the Key Club is one of the few active clubs for boys only and they are looking for new members. If you are interested, see Mr. Stevens, sponsor, or David Archer, president, or any of the officers.

Nine Ribbon Winners

Each year Miss Lee's Home Economics girls enter contests at the Mid South Fair with their skills, such as cooking and sewing.

This year there were nine ribbons awarded to the entrants. The winners and their categories were as follows: Jo Anne Howell-two ribbons, one for sewing and one for cooking; Ret Wright-one ribbon for cooking; Carol Veazey-two ribbons for sewing, Nancy Sterling-one ribbon for food Ruthie Davis-one ribbon for food; Shirley Beavon-one ribbon for food and one for clothing.

Mrs. Lee, the Home Economics Instructor, said, "The girls did a nice job--even those who did not win."

New Teachers

Mr. Marsh

From Easton, Pennsylvania comes a short blonde light complexioned young man to Tech High.

They say dynamite comes in small packages. Well, this little man is very explosive.

Mr. Leland Marsh graduated from the University of Cincinnati, Cincinnati Conservatory of Music, and from the University of California.

Not only is his interest in his wife and daughter, Carol, age two, but he has interests in collecting antique firearms; target shooting, hunting, auto mechanics, refinishing furniture and restoring old clocks.

Mr. Baker

Another new member of our faculty is Mr. Baker, the mechanical drawing teacher. Born in Memphis, he graduated from Messick and later from Memphis State. Before coming to Tech for his first year of teaching in a public school, he had classes in the military service.

His hobbies are boating and water skiing, automobiles, golf and hi fi. Mr. Baker is married and has one daughter.

Mrs. LeVearne O'Mary

Our new cosmetology teacher is Mrs. LeVearne O'Mary. She has brown hair blue eyes, and a pleasing personality. Her school days were spent at Hollywood, and Humes. Mrs. O'Mary plans to take more extensive courses at the college this fall & summer. Her main interests are her children, ages twelve years, and twenty-three months, and ten months. She likes to swim and go horseback riding. When asked her opinion of Tech, she answered, 'I am impressed with the interest and sincerity of most of the students. The staff is tops from every angle and in a short time, I have grown to love it.'

Miss Hays

Miss Hays, an American History major, attended Sullins and Southwestern Colleges.

Her favorite food is lamb. Her hobbies are water skiing and reading.

Unmarried now, she will be wed on October 24, to Richard Daly.

Besides teaching American History she also teaches Spanish.

Miss Butts

Miss Butts, one of our new teachers, was born in Fulton, Kentucky. She graduated from the University of Tennessee at Knoxville and has taken summer courses at Memphis State. She has a B. S. degree and is working on her masters. Miss Butts taught at Union City High School before coming to Tech to teach speech and English.

She likes to swim, bowl, play bridge, and go horseback riding. In the summer of 1961, she took a trip to Europe, which she enjoyed very much.

Mr. House

One of the most versatile men to enter our school system this year is Mr. Jack L. House. Mr. House graduated from Memphis State and this is his first year to teach professionally. Besides his vast knowledge of math, he is interested in plastics, antiques, and photography.

His main interest, however, is his wife. They are expecting their first child in November.

He takes an active interest in Tech sports and he can often be seen at the games with a camera in one hand and a cow horn in the other. (An interesting prospect for the band?)

Mrs. S.E. Ulmer

Mrs. Ulmer, Junior and Senior English teacher, was born in Toledo, Ohio. Five years ago she came to Memphis to attend college at Memphis State where she received her Bachelor of Science degree and her Master's degree.

Mrs. Ulmer's main interest outside of school is politics. If Mrs. Ulmer wasn't a teacher, she would rather be back in school again—the most common and usual wish of all who have finished their schooling.

Mrs. Ulmer is married to Ed Ulmer who is studying law at Memphis State University and it is because of him that she is interested in politics.

Mrs. Ulmer also has a younger brother who is attending Christian Brothers College.

Before coming to Memphis, Mrs. Ulmer lived in Detroit, Michigan, where she received her high school education, and she lived ten years in San Antonio, Texas.

Mrs. Bright

Mrs. Bright, our new typing teacher, is married and has two boys, one attending college and the other teaching in college. After graduating from Mississippi State College for Women, she taught school for a while, then began to work with the School Board in the Vocational Department, and later as a school secretary. Recently she decided to teach again, starting at Frayser last year.

Her hobbies are her garden club, church activities, and her boys. She says, 'Tech is just fine; nice pupils, nice room, . . . it's just fine.'

The teacher did not like the way the pupils were continually looking at the wall clock. Finally he put a sign up over the clock: 'Time will pass—will you?'

Teacher Secretaries

Miss Linder's two hour office practice girls have chosen a teacher to work with as a general secretary. Each Tuesday these girls do work which includes typing and handling general records. They enjoy doing this work as well as learning to be good secretaries in the business world. The teachers and their helpers are as follows: Mrs. Alderson-Betty Canipe; Mr. Baker-Anita Sorrell; Mrs. Bright, Mr. Evans-Linda Coulter; Miss Butts-Blenda Pigue; Mrs. Elliott-Mary Brown; Mrs. Hartwell-Janice Reynolds; Miss Hays-Jeanie Wynn; Mr. House-Patsy Gibbons; Miss Jenkins-Theresa Russell; Miss Kirk-Eddie Sewell; Miss McDonald-Sandra Crawford; Mr. McGregor-Linda Scott; Mrs. McGuire-Rhonda Arnold; Mrs. O'Mary-Yvonne Walker; Mr. Piaggio-Margaret Gordon; Mr. Schroer-Jean Morgan; Mr. Tate-Louise Hisaw; Mrs. Ulmer-Dana Denson; Mrs. Van Baren-Linda Blanchard; Mr. Welshans-Marion Wolfe; Mr. Wright-Sandra Crawford; Mrs. Lee-Melba Thompson; Miss Wood-Janice White; Mr. Marsh-Linda Evans.

Attention All Juniors

The PSAT test for Juniors will be given Tuesday, October 20, 1964 at Tech. The price of the test is \$.75. Any Junior planning to go to college should take this test. Sign up in the Guidance Office.

Attention Seniors

Here are the dates for the ACT tests:
Nov. 7, 1964
Feb. 20, 1965
April 24, 1965
June 19, 1965
Aug. 7, 1965

The American College Testing (ACT) Program is an admissions, scholarship, guidance, and placement test battery, designed to provide helpful information and service to colleges, to high schools, and to you, the student, at a time when it will be most useful. Seniors, wishing to attend college, should take this test. Pick up your test booklets in the Guidance Office. The price of the test is \$4.00.

During the period from December 1964 through July 1965, there will be five administrations of College Board Admissions Tests at test centers in this country and abroad. The Scholastic Aptitude Test, most of the Achievement Test, and the Writing Sample will be given on each date. The test dates are:

Saturday, December 5, 1964
Saturday, January 9, 1965
Saturday, March 6, 1965
Saturday, May 1, 1965
Wednesday, July 14, 1965
The test fees are: Scholastic Aptitude Test, \$4.50; Achievement Tests (any one, two, or three taken on a single date), \$6.75; Writing Sample, \$2.00 (no additional fee if taken in combination with one or two Achievement Tests or a single date).

Football player: I shot a pass into the air, it fell to earth I know not where, and that is why I sit and dream, on the bench with the second team.

JAPANESE SCHOOL OFFICIALS from Osaka snap a few pictures as they tour Tech High School. Photographed on the Tech campus were (from left) Tech Principal W.A. Bourne, Mr. Takahashi, instructor in engineering at Osaka High School, K. Kojima, tour conductor, and T. Meada, vice principal of the commercial senior high school in Osaka. The educators were among a group of 11 Japanese school officials who inspected the Memphis public school system September 23.

Homeroom Of The Month

Perky, peppy and active are just three adjectives that describe Miss McDonald's eleventh grade girls, newly elected Homeroom of the Month.

Miss McDonald herself has proven to be a good example of school participation as Junior Class Sponsor.

Many of the girls are already making plans for the future. Fay Hill, Becky Graham, Christy LaMastus, Janice Harrison, and Joann Howell are enrolled in Cosmetology while Kathy Harrell, Frances Hill, Janie Martindale, Ann Graham and Lorriane Hall, Dean Norden and Clydine Hankins are interested in business in general.

This homeroom is well filled with school spirit. Joan McCommon leads the student body as cheerleader while backing her in the Pep Club are Judy Kellum-Secretary, Linda Huffstickler, Patricia Moore, Brinda Northcutt, Judy Hardin, Donna Green and Donna Hinson.

Beauty and talent go hand in hand in this homeroom. Shelia Nix was among the five finalists of the Fairest of the Fair and 1st alternate to Sophomore Beauty. Judi Goad plans to make a career in singing.

If by any chance you were at the championship intramurals last year you would surely remember the fine shooting and guarding demonstrated by six of 'McDonald's Magnificent 30'. The combined efforts of Frances Hill, Faye Hill, Judy Kellum, Joan McCommon, Grace Kent and Judy Hardin helped McDonald's girls to walk off with the Intramural Trophy.

Homeroom officers are an important part of this homeroom. They are as follows: Joan McCommon-President, Judy Kellum - Vice President, Donna Hinson - Secretary-Treasurer.

The Student Council means a great deal to Miss McDonald's homeroom. They are active participants in any Student Council activity. Representing Miss McDonald's homeroom is Linda Huffstickler and Joan McCommon-Secretary.

Helping McDonald's homeroom to a good start this year are her new members, Christy LaMastus from Germantown, Jo Spencer and Dorothy Walker both from Humes.

Little girl to mother: 'Why is it 'temper' when I throw things and 'nerves' when you do it?'

Teacher: Answer a few questions about yourself! Born?
Mike: Yes!
Teacher: I mean, where?

Mike: Pennsylvania!
Teacher: What Part?
Mike: All of me!

Andy Simmons, Reporter For Tech

Tech proved in the Trezevant game that it has one of the bigger and better defenses in the Prep League. The line is led by John Keeling, David Wing, Larry Cullen, Bobby Zuendel, David Huey and Jimmy O'Donnell. The Yellowjackets ran only two plays from scrimmage, both tarnished by fumbles.

All looks good for the boys from Tech if only they can get the backfield coordinated. This should come with a bit more experience.

The Westside Wildcats got off to a quick start against Tech's Yellowjackets in the second game at Prayser stadium and edged the Jackets 12-6. The Wildcat's record is 2-0.

Westside struck paydirt early in the first quarter on a 12-yard pass from quarterback James Reed to Ray Davis.

Tech came back and scored on a three yard run by fullback John Keeling, substituting for Bob Zundel, who was sidelined on account of an ailing throat. Keeling's usual position is at tackle, but last night he sparkled in the Tech Backfield.

In the second quarter, with two minutes remaining Westside's fullback Danny Carter raced 11 yards for a touchdown and that one spelled victory for the home team.

Throughout the second half, the teams waged a hectic defensive battle, with neither team coming close to a score.

Defensive players shone brightly, with the Tech's star brigade being Larry Cullen, David Huey, Danny Gaines and Jack Carter. For Westside, Terry Davis and Jerry Ballard were the star front wallers.

Catholic lead by their big and vicious line easily

contained the Yellowjackets last Friday night and beat them 42-0 at the Fairgrounds Stadium. Our boys were unable to move the ball on the ground. Quarterback Eddie Hayes was able to complete a few passes for good yardage. He was throwing to his halfbacks Jackie Armstrong and Kerry Scott. We were also hampered in this game due to the fact that about nine of our boys were sick with the flu and saw limited action only.

Friday night we meet our rivals the Warriors from Central High at the Fairgrounds Stadium. If the students will get behind our team 100% we believe that this is the year we'll beat Central. We have talked to some of the players and their spirits and hopes are high for this game. They say they are going to send the Warriors back to there Teepees with a big loss. So be at the Fairgrounds at 8:00 Friday night for the big game TECH VS. CENTRAL.

(A) "... all for Tech High stand up and hollar!!"

(B) Our strong defensive attempts to hold Terriers.

(C) As climax draws near the Jackets remain alert.

(D) The mighty Jackets fight On!

Pep Club

Enthusiastic! This is the word that describes each member of this year's Pep Club.

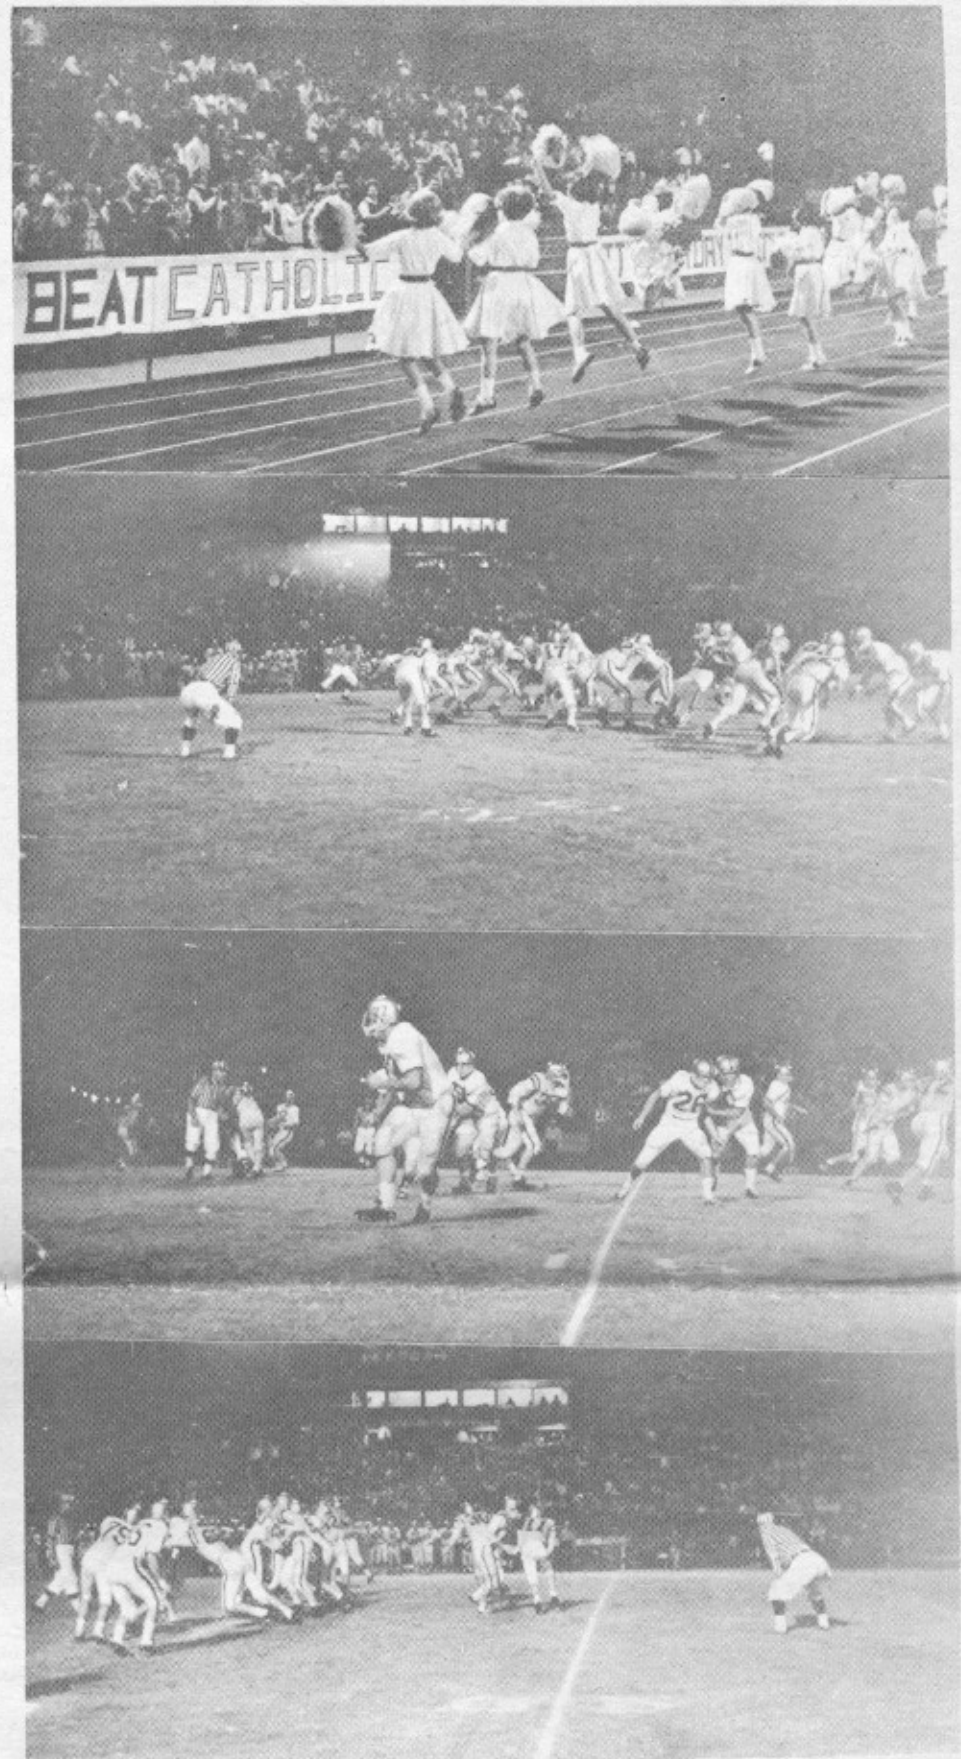

Mrs. Hartwell, the new sponsor is well pleased with the response and backing that the club is showing at each game.

Newly elected officers are: Mot McCommon - President, Pat Cook - Vice-President, Judy Kellum - Secretary, Linda Blanchard - Treasurer.

At each game the group captains check the rollcards for attendance.

One of the many activities that the Pep Club is looking forward to is the trip to the Greenville, Miss. game, Oct. 23.

And just a pleasant little reminder from the Pep Club - "COME ON, Y'ALL YELL!"

The PTA is really striving for a goal of 100%. Here a student hands Mrs. H. E. Wilson one more membership to add to that goal, while Mrs. W.A. Oswalt, Mrs. Grace Williamson and Mrs. James Archer look.

Support The PTA

Junior Class

The Junior Class has great plans for the coming year. The Junior Budget for this year is \$7.50. This includes \$6.00 for the publications of the annual and the Yellowjacket, and \$1.50 for the Junior and Senior Prom. A vote was taken in the junior meeting of those who wanted to include the publications in the budget.

The Junior Class Officers will be elected on September 30. Candidates will campaign and the election results will be posted.

Mountaineer: What'll my boy learn at this here school, teacher?

Teacher: History, spelling, trigonometry. Mountaineer: That's fine. Give him lots of that there trigonometry. He's the worst shot in the family.
